

## Barnsley Gardens

"The ruins at Barnsley Gardens are such a fantastic canvas to bring any style to life," offers Christopher Confero with **Christopher Confero Design**. "Most wouldn't pair the raw wood floors and exposed brick with sparkling sequins and luxurious decor, but I'm not most. I love the juxtaposition of hard and soft, rustic and modern." 800.256.2270, [christopherconfero.com](http://christopherconfero.com)
